

REMARKS

Regarding the Amendments

Claims 2-20 were cancelled by previous preliminary amendment co-filed with the present application. Upon entry of this amendment, claim 1 is amended and new claims 21-37 are added, without prejudice or disclaimer of any previously claimed subject matter. Amendment or cancellation of certain claims should not be construed as a dedication to the public of any of the subject matter of the claims as previously presented.

The amendments to the formulae on pages 4 and 5 and the text of pages 5 and 6 of the specification correct obvious typographical errors. Support for these amendments can be found throughout the specification as originally filed and, in particular, in the structures on pages 7 and 10-11; and in Examples 1-8 (*e.g.*, compounds E1-3 through E1-6, E2-10a through E2-13, E3-6, E3-7, E5-6, E5-7, E7-6a/b, E7-14a/b, E8-8 and E8-9).

Support for the new and amended claims can be found throughout the specification and claims as originally filed and, in particular on pages 3-6 (particularly page 4 through page 6, line 7); page 7, line 12 through page 8, line 5; page 8, lines 16-24; page 9, lines 3-6 and 16-26; pages 10-16, in the Examples and in claim 14 as originally filed.

No new matter is believed to have been added.
